And you you are guilty of harassment. If you include me on an email those people will be warned! Stop emailing me!

You paid \$5000 for my PR service. Not sure where you get 6000 from. Lol you have bought media lists etc before that 5000. If that all totals 1000 fine but those were for specific services that you got already like contact lists and press releases. Not sure why you include them in your total lol.

Keith, I cut my services 4 months short because you would not respect my privacy. I was actually willing to give you one more chance but you suggested mega contacts and to relieve me of my services instead. I still have that email. You released me.

So good luck suing me after I show your email releasing me of my service. I don't give a shit what you have done or what you are working on. I do not need to be included and if you include me on your incoherent emails I will warn them. I even got 2 responses back lol. People are glad I am speaking up and said that they are constantly contacted by you although they never subscribed to your list and they are glad I warned them.

If you want to go to court lets go, I have the unsigned proposal of work and the signed moral clause, and the emails post moral clause, showing you violate the clause lol. I then have the email of you asking for contacts instead and telling me I can leave and rejoin if I want later. This will be fun lets do it. See you in NY!

Keep emailing me and I will continue to reply and warn others.

Once again, You are guilty of continuous Slander and Libel and breach of contract. When I finally get around to suing you, you will not have any credibility at all. You are an absolute SHAME to the entire PUBLIC RELATIONS world.

You have continuously PREVENTED public coverage of the works I completed years ago.

SO face the music, that \$6,000 will grow in REAL and PUNITIVE damages faster than you can sneeze..

What a shame you are. Too bad. This is YOUR FAULT
